SQ Series 9U Wall-Mount Rack Cabinet, 24-inch Depth, Glass Door SQ5609

Highlights

- Fits rack equipment up to 20 in deep.

- Maximum load capacity of 100 lbs.

- Reinforced lockable door.

- Removable door, and side panel .

- Cable pass-through on top and bottom.

- Rugged welding frame structure with ventilation at front, sides, top and bottom.

- Ships fully assembled.

- 10-year limited warranty

Description

SQ Series Wall Mount Cabinets organize and secure EIA-standard 19-inch rackmount equipment in network closets, offices, classrooms, and other locations with limited floor space. Welded structure delivers exceptional strength and rigidity supporting heavier equipment. Removable side panels for installation of accessories and monitoring equipment. Frameless front door with tempered glass and turning angle over 180 degrees.

Features

Rugged welding frame structure with ventilation

- Save valuable workspaces; design for network wiring in areas with limited floor space but needs to keep everything organized, secure and efficient.
- Removable and reversible front door and removable side panel design, each with quick-release mechanism allows easy access to equipment.

Quality Construction and Equipment Security

- Constructed from heavy-duty cold-rolled steel and featuring a robust welded frame, finished with a durable powder coating.
- Lockable front door and side panels ensure security for your valuable equipment.
- The vented frames and optional cooling fans provide excellent air ventilation.

Easy installation and quick deployment

- Fully assembled for quick and easy deployment and assembly to job sites.
- Adjustable vertical mounting rails can accommodate various depth rack equipment.
- Top and bottom panels have cable pass-through knockouts help keep cable neat and organized.
